

The Worshipful Company of Water Conservators

Webinar

You are cordially invited to join the Water Conservators' 5th Webinar

Capital Digital Solutions

Embracing digital technology to drive water efficiencies in London

Wednesday 7th October 2020 5.30pm to 6.30pm

Presented by **Andy Taylor**, Chief Engineer and Digital Transformation Lead, Atkins Global

About this Webinar

Through a series of water examples, Andy Taylor will demonstrate how Atkins is using digital technology to automate routine activities and develop new digital tools to operate more efficiently and solve problems we didn't even know we had!

About the Speaker

Andy is a Chief Engineer and Digital Transformation Lead at Atkins with over 30 years of water experience both in the UK and overseas, which he is now using to drive digital development and adoption in the planning, analysis and design of water and wastewater networks.

How to Join this Webinar

The webinar will be held over Zoom Video Conferencing and attendees may join free of charge. Please ensure you have down-loaded **Zoom v. 5.0** which is available free at <https://zoom.us>

Once installed, attendees should click on this link to join the webinar:

<https://us02web.zoom.us/j/82341462511?pwd=Wkg5Zjd4OTFCMnITQzdsVW1tdUhSZz09>

Meeting ID: 823 4146 2511

Passcode: 738034

Please ensure you join just before the published start time – a couple of minutes early will be fine and you will be placed in a 'waiting room' prior to the webinar commencing. Please note that all attendees will automatically be on 'mute' so will not be able to speak to the presenter. They may however ask questions via the 'chat' feature on the Zoom main screen. The webinar will be recorded for future use including posting on our website. Attendees email details will **not** be accessible by any other attendee (save the host) nor through any recording.
