

VISIT TO THE SHARD TOWER

On 12 June the Master's Lady Lis and Master Peter Matthews were joined by members and guests of the Worshipful Company of Water Conservators for an evening outing to see the sights of London and the City from the top of the new Shard tower.

After much discussion - mostly about the fantastic view and, who would be abseiling down.....

the group eventually adjourned to a local restaurant.

In the event, it seems they all took the lift

"Well Peter as Master you should take the lead and show us what abseiling is all about"

... that I always say.

"Hi Claire, you are a bit of an whizzo at abseiling, see how you rate the Master going down the Shard from the 75th floor !"

"Look! David is that Superman?"

"No! as I said the Master is leading from the front"

"But that rope looks a bit slack!"

Whoops! I could never tell my reef knots from my granny knot
