# VISIT to HMS SCOTT, PLYMOUTH
17 to 18 March 2016

Taking up a invitation to join HMS Scott at sea overnight in a Friends & Family event with some 40 others, a party of intrepid Water Conservators set off for Camels Head Gate 0900.

Master Peter Hall, Master's Lady Georgina, Court Assistant Sue Paterson and Mike Shelbourne were entertained with a programme of activities arranged to give a feeling for life at sea and the kind of things the Navy is involved in.

Fortunately throughout the visit the sea was calm and the weather bright and sunny - travel sickness tablets were not needed....

Many thanks to Captain Karen Fyfe Dalton and Scott's crew in particular our personal host Lt Jonathan Tweed for their hospitality - we had an excellent and very informative visit. Thank you!

Our programme for the visit below, with a few photos.
