

Worshipful Company of
Water Conservators
Virtual 2021 WET 10 Lecture
WHICH WAY WATER - 2050?

Date: Monday 22nd March 2021

World Water Day

What will the world of water look like in 2050? How will cities future-proof themselves in the face of increasing climate change and population growth? Will Digital Water assist in finding solutions? If so, how? What skills will the Water Sector need? And how will it get them?

Speakers:

“Resilient Cities” - Chris Gray, Head of Water - Europe, Middle East & Africa, AECOM.

“Digital Water from 2021 to 2050 – A Brief History of the Future” - Joanna Kelsey, Head of UK Water Digital Services, Stantec.

“Water 2050 - Developing the Skills for Tomorrow’s Challenges” - Phil Beach CBE - Chief Executive, Energy & Utility Skills.

Timings:

6.00pm – Presentations by our key speakers

7.00pm – Questions from the floor

7.30pm – Event closes
