

## **The Worshipful Company of Water Conservators**

### **“HIDDEN ALLEYWAYS, CHOPHOUSES AND A RUNAWAY TURKEY IN THE CITY”**

**SUNDAY 13 MARCH 2022**

Following the successful Charity City Water Walk in October 2021, a second City walk has been arranged on Sunday 13 March 2022, commencing at 12 noon outside the front of St. Paul's Cathedral, by the statue of Queen Anne.

The walk will last about 2 hours. The actual distance covered will not be far - finishing at Leadenhall Market in time for a late lunch, or whatever you need to keep you going until you get home.

Blue Badge, City of London and Historic Royal Palaces Guide and Thames Warden Christine Jarvis will guide us and make sure we don't get lost. The slow walking pace will give us time to look in detail at some of the interesting features *en route*.

The walk is open to Members, relatives and friends.

**Queen Anne at St Pauls**

The tour starts at 12.00. If you would like to join, please let Georgina know by email or phone: [georgina@gmhall.co.uk](mailto:georgina@gmhall.co.uk) by 11 March 2022.

A voluntary contribution for the Water Conservation Trust of £5 per adult, payable on the day, is suggested.
