

## Virtual Cocktails Evening 28<sup>th</sup> January 2021

Following up on our successful Virtual Wine Tasting event back in October last year, on the 28<sup>th</sup> January 2021 I hosted a very pleasant virtual cocktails evening, getting together with our members to enjoy a social evening. It was so nice to meet up with many of our members again, from all corners of the country.

Utilising the breakout facility in Zoom we split the meeting to groups of 4 to enable everyone to socialise and describe their cocktails to others in their group, remixing the groups throughout the evening to allow everyone to meet. As well as some very colourful cocktails on display such as a Blue Lagoon and a Harvey Sunrise, there were also some very interesting and unique cocktails including a Newport Concrete Jumble and a Cinnamon Crunch, plus some entertaining interludes from our members.

Special thanks to Past Master Simon Catford who yet again managed the zoom technology for us. Despite being constrained to a virtual meeting by the current pandemic we all still managed to have a lot of fun and it was a most worthwhile and enjoyable evening.
